Mission Statement

The mission of the Edmond Quilt Guild is to preserve, teach and share the history and art of quilting

President's Report- Alice Kellogg

Yummy! Yummy! Yummy! We had a nice little picnic at Mitch Park and the hot dogs were great. Thanks honey. You were a good chef for the night even though I know you had better things to do. We also had some really good sides and desserts. Ken Elliott (Judy's husband) made some really good potato salad. I had seconds on that.

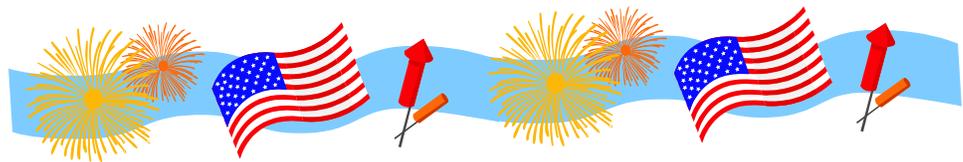

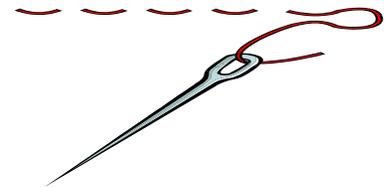

The "Red-Neck Quilter" was a hoot. Bonnie did a great job of talking about quilting tools. Some of them were even found at the hardware store. I think she needs to take that show on the road.

Have you been working on your challenge quilts? I have seen a small preview from some of you and you are doing some fantastic things with your panels.

Norman Area Quilt Guild, is having their second show the weekend of July 22. I hope you attend and support our sister guild.

I know that summer is a busy time for all of us. However, we have some good things planned for the summer and I hope all of you will be able to attend the meetings.

Until next time, here's keeping you in stitches!

Vice-President- Adrian Thompson

I hope all went well and every one had fun at the picnic. Sadly I missed most of it but for the good news as of 6/29/06 I see 20/15 that is one line better that perfect yippy for me! I got my glasses when I was 6 and have been in them every day so this is a whole new world for me. I am looking forward to seeing all of you at the next EQG meeting (wink wink).

Cheater Challenge

Last Chance to participate - Bring photo of the original cheater panel and your finished project to the July meeting. In case you've misplaced the rules - here they are again:

- 1) Dig through your stash or stop at your favorite fabric store to find a 'Cheater' panel with potential.
- 2) Take a photo of the panel in its original condition - very important!
- 3) Use that panel, your imagination, and other fabrics, etc to create something quilted - that doesn't look like the original panel. No limit on number of fabrics, size, etc. But - no fair just adding a border - where's the fun in that?
- 4) Bring your completed creation and the photo of the original panel to the July meeting. There may be a prize for this challenge - but all who participate are Winners!

We are moving slowly towards our goal for 100 placemats. So far, we have been blessed with about 1 dozen beautiful placemats. But at this rate, it will be difficult to reach our goal of 100 by November meeting. Please take a half hour out of your weekend and dig into those scraps of unneeded fabrics and stitch a quickie placemat. Our Mobile Meals recipients will be thrilled with your caring handmade gift.

Our volunteer strippers have been busy and are churning out the strips. Have you started "Stripping" yet? We need an array of 2 ½ " strips cut from your scrap pile at home. Have some fabric you don't want to use anymore? Just strip it! Don't worry about sub-cutting. Just make sure the strips are at least 12 " or longer. As soon as we get enough, we'll be ready to create some jiffy kits to give to our sewers.
